Note:

- <sup>1</sup> Based on local authorised distributors' registered models.
- <sup>2</sup> Average Open Market Value (OMV) of new cars registered in the month. The OMV for cars sold by parallel importers may differ from local authorised distributors.
- <sup>3</sup> Duty payable at Singapore Customs includes Excise Duty @20% OMV and 7% GST .
- <sup>4</sup> Tiered Additional Registration Fee (ARF) structure: 100% of OMV for the first \$20,000 of OMV, 140% of incremental OMV for the next \$30,000 of OMV, and 180% of incremental OMV for OMV above \$50,000.
- <sup>5</sup> From 1 Jan 2018, the VES will assess vehicles on four additional pollutants - hydrocarbons (HC), carbon monoxide (CO), nitrogen oxides (NOx), and particulate matter (PM) - in addition to carbon dioxide (CO2) emissions. The VES rebate or surcharge for the vehicle will be determined by the worst-performing pollutant of the five being assessed. This is to encourage buyers to choose models that have lower emissions across all five pollutants.
- <sup>6</sup> Total basic cost excludes insurance premium, number plates, road tax, IU, dealer's commission and all other overhead expenses.
- <sup>7</sup> Car selling prices for Aug 2019 are provided by the local authorised motor dealers. Prospective car buyers should contact the respective motor distributors/dealers to confirm the accuracy of the above information and vehicular emissions scheme.
