SECTION B – APPLICANT'S PARTICULARS AND DECLARATION

I/We* declare that I/we*:

- have ensured that the particulars furnished in this application and its other supporting documents are true and correct to the best of my/our* knowledge.
- have been briefed on the legal consequences² should I/we* alter, sell or supply or cause or permit to sell, supply, offer or alter the PAB(s) in such condition that the use in that condition would be unlawful under the Road Traffic Act and Active Mobility Act.
- undertake not to supply or sell any PAB(s) for use on public roads/paths unless the PAB(s) has been approved and affixed with the LTA seal.
- undertake not to use or allow the use of any PAB(s) on public roads/paths unless the PAB(s) has been approved and affixed with the LTA seal.
- shall notify the LTA if I/we* are aware of any safety-related recall initiated by the PAB manufacturer affecting PABs that I/we* have imported and sold, and are registered in Singapore.
- shall inform the owners of PABs affected by the recall and make the necessary arrangement to perform the improvement/rectification measures and update LTA on the progress of the rectification works regularly.

Applicant's Name: _____

Company's Name: _____

Applicant's NRIC / Passport no: _____

ACRA Certificate No: _____

Applicant's Contact No: _____

Company Address: _____

Company Contact No: _____

Signature of Applicant: _____

Date: _____

* Delete where inapplicable

¹ Applicants are encouraged to submit PAB models that are tested to EN15194:2017

² Under the Road Traffic Act and Active Mobility Act, any person who alters or causes or permits the vehicle to be altered in such condition that the use thereof in that condition would be unlawful is liable to an offence. First-time offenders shall be liable on conviction to a fine not exceeding \$5,000 or a jail term not exceeding 3 months. Repeat offenders shall be liable on conviction to a fine not exceeding \$10,000 or a jail term not exceeding 6 months.

INSTRUCTIONS & NOTES

1. Please fill in the required information in Sections A and B.
2. Under the Consumer Protection (Safety Requirements) Registration Scheme, power adaptors for Power-Assisted Bicycle (PAB) must be registered with Enterprise Singapore and bear the "SAFETY Mark" before they can be sold in Singapore. The SAFETY Mark helps consumers identify Controlled Goods that are designed and produced to specified safety requirements. For more information, please visit Enterprise Singapore's website at <https://www.enterprisesg.gov.sg/>
3. Please check that you have the following for application to type approve PAB (in English):
 - Customs inward declaration
 - Detailed technical specifications and pictures from catalogue
 - Certificate of Conformity to show that the PAB complies with EN15194:2009+A1:2011
 - Test reports for the PAB issued by recognised independent testing bodies (e.g. TUV) that are specifically accredited to perform the relevant tests of EN15194:2009+A1:2011 standard to show compliance, without start up assistance mode*
 - Manufacturer's sales receipt and invoice
 - Bill of Lading
 - Applicant's original NRIC / FIN
 - Accounting and Corporate Regulatory Authority (ACRA) business profile printout valid within 14 days from date of issue (if relevant)
 - Certificate of Conformity for power adaptor and Letter of acknowledgement from Enterprise Singapore
4. Please check that you have the following for application to seal PAB (in English):
 - Type approval letter for the respective PAB make/model
 - Customs inward declaration
 - Bill of lading
 - Manufacturer's sales receipt and invoice
 - Applicant's original NRIC / FIN
 - Accounting and Corporate Regulatory Authority (ACRA) business profile printout valid within 14 days from date of issue (if relevant)
5. Please submit separate applications at the LTA-authorized inspection centres (AICs) for type approval and for sealing of PABs. For example, if 5 units of the **same make and model** of PAB is produced for approval and sealing, you need to fill up one application form for type approval and sealing of 1 unit of PAB, and a separate application form for approval and subsequent sealing of the remaining 4 units of PABs.
6. Every new PAB must be produced for inspection and sealing at selected AICs before they can be used on public roads and cycling/shared paths.
7. For the list of AICs, please visit the One.Motoring website (www.onemotoring.com.sg > Buying > Vehicle Types and Registration > Power-Assisted Bicycles (PAB)).
8. LTA or its authorised inspector may request for any other relevant documents to support the application and inspection process. They may also request to retain the PABs for further assessment before approval/ sealing.
9. The AICs will charge application fees for approval and sealing of the PAB. Please contact the respective AICs for their rates.
10. The processing time for type approval application may on average take up to 2 - 3 weeks.
11. Consent to the Collection, Use or Disclosure of Personal Data

We may share personally identifiable data that you have provided in this application with other Government agencies, so as to serve you in a most efficient and effective way. We will not share your personally identifiable data with other entities, except where such entities have been authorised to carry out specific Government services or in accordance with legislation under the purview of the Land Transport Authority to enable us to perform our functions or duties or to comply with any order of court or in compliance with any written law, or for the purposes of taking any action against any user for breach of the conditions of use of the Authority's electronic services.

Data provided by the Authority may be used for verification and record of your personal particulars, including comparing information from other sources, and using the information to communicate with you.

*PABs with start up assistance mode are not permitted in Singapore
