Note:

¹ Based on local authorised distributors' registered models.

² Average Open Market Value (OMV) of new cars registered in the month. The OMV for cars sold by parallel importers may differ from local authorised distributors.

³ Duty payable at Singapore Customs includes Excise Duty @20% OMV and 7% GST.

⁴ Tiered Additional Registration Fee (ARF) structure: 100% of OMV for the first \$20,000 of OMV, 140% of incremental OMV for the next \$30,000 of OMV, and 180% of incremental OMV for OMV above \$50,000.

⁵ From 1 Jan 2018, the VES will assess vehicles on four additional pollutants - hydrocarbons (HC), carbon monoxide (CO), nitrogen oxides (NOx), and particulate matter (PM) - in addition to carbon dioxide (CO₂) emissions.

The VES rebate or surcharge for the vehicle will be determined by the worst-performing pollutant of the five being assessed. This is to encourage buyers to choose models that have lower emissions across all five pollutants.

⁶ Total basic cost excludes insurance premium, number plates, road tax, IU, dealer's commission and all other overhead expenses.

⁷ Car selling prices for Nov 2018 are provided by the local authorised motor dealers.

Prospective car buyers should contact the respective motor distributors/dealers to confirm the accuracy of the above information and vehicular emissions scheme.
