INSTRUCTIONS

1. Submission: This form must be completed neatly in block letters, and the original submitted to LTA within 7 working days from the registration of vehicle.

2. Identification:
   a. For individual owner, please produce owner's original NRIC (Singaporean / Singapore PR) or Employment / Immigration Work Pass Card bearing Foreign Identification Number (FIN) issued by the Ministry of Manpower (MOM) / Immigration & Checkpoint Authority of Singapore (ICA) (Foreigner). For registration of a Light Goods Vehicle in an individual’s name, please also produce the original valid hawker’s licence issued by the National Environment Agency (NEA) or the original valid farm licence issued by Agri-Food and Veterinary Authority (AVA).
   b. For non-individual owner, please produce a copy of the profile printout from Accounting & Corporate Regulatory Authority (ACRA) or Registry of Societies (ROS); and original NRIC (Singaporean / Singapore PR) or Employment / Immigration Work Pass Card bearing FIN issued by MOM / ICA (Foreigner) of the authorised person from the owner. ACRA printout is valid up to 14 days from date of issue by ACRA.

Note: Authorisation letter, signed by at least a Manager or above, is required if the authorised person is not listed in the ACRA printout (for non-individual owner).

3. Mode of Payment: For applications made at LTA, only cash, NETS or cashier's order will be accepted.

4. Use of Retained/Bid Number for Registration: The applicant may use a retained or bid vehicle number to register the new vehicle. The vehicle number must be retained or bid in the applicant’s name before registration. It must still be valid for use at the point of registration. The applicant must inform the Electronic Service Agent / Motor Firm / Authorised Person who is registering the vehicle on his behalf of his intention to use a retained/bid vehicle number for the new vehicle. Otherwise, the system will randomly assign a vehicle registration number for the new vehicle. LTA will allow the change of the system generated number with a retained or bid number subject to the payment of the prescribed fee.

5. Change of Number: If a retained/bid number is not used for registration, the system will randomly assign a vehicle registration number for the vehicle. If the registered owner wishes to change the system generated number, he can still bid for a registration number of his choice (minimum bid amount is $1,000). A fee of $300 (before GST) is payable to replace the system generated number with a bid number. To replace the system generated number with a retained number, the retention fee payable is $1,300 (i.e. registered owner will need to pay an additional $1,200 if vehicle number was retained at $100).

6. Vehicles registered using Open Category (Cat E) COE: If the vehicle is deregistered before its COE expires, the registered owner may be granted a rebate on the Quota Premium (QP) paid, pro-rated to the number of months and days remaining on the vehicle’s COE. For vehicles registered using “Open” Category (Cat E) COEs, the rebate will be based on the QP of the “Open” Category or its corresponding category from the same tender exercise, whichever is lower.

7. Use of PARF/COE Rebate: The applicant may use PARF/COE rebate(s) (if applicable) to offset the various upfront vehicle taxes and fees (except road tax) when he registers a new vehicle. Any excess rebate amount not used will be forfeited. Alternatively, the applicant can apply to LTA to divide the value of the PARF/COE rebate(s) into smaller values. A fee of $15 (before GST) is payable for each rebate generated. You may apply to encash the PARF and/or COE rebate(s) if you are the rebate holder.

8. Vehicles registered with COE bid deposit more than COE QP: At the time of registration of the vehicle, the difference between the COE QP and the bid deposit is payable. If the bid deposit is more than the QP, the difference will be used to offset the taxes and fees payable at registration.

9. Consent to the collection, use or disclosure of personal data: We may share personally identifiable data that you have provided in this application with other Government agencies, so as to serve you in a most efficient and effective way. We will not share your personally identifiable data with other entities, except where such entities have been authorised to carry out specific Government services or in accordance with legislation under the purview of the LTA to enable us to perform our functions or duties or to comply with any order of court or in compliance with any written law, or for the purposes of taking any action against any user for breach of the conditions of use of the Authority's electronic services.

Data provided by the Authority may be used for verification and record of your personal particulars, including comparing information from other sources, and using the information to communicate with you.

NB: For every registration of vehicle, LTA will send a notification letter to inform the Registered Owner of the successful registration. Registered Owners can also view details of the registered vehicle by logging in to www.onemotorinsing.com.sg with their SingPass/CorpPass. Registered Owners may contact LTA via the LTA online feedback form at www.lta.gov.sg/feedback if they fail to receive the notification letter within 5 working days after registration or if they have any queries.
